

Nazim Uddin

Röcklbrunnstraße 20, L3312B

5020 Salzburg, Austria

Phone +436764769697

Email: nazim.uddin@stud.plus.ac.at

LinkedIn: www.linkedin.com/in/nazim--uddin

Academic Qualifications:

▪ **Master of Science (MSc) in Applied Geoinformatics** **Mar 2026- On going**
University of Salzburg, Austria.

▪ **Master of Science (MS) in Geography and Environment (2022)**

University of Dhaka, Bangladesh. (CGPA: 3.82/4.00)

Thesis- 'Detecting and Simulating Oil Spills by Using GIS and Remote Sensing Techniques: A Case of the Eastern Coastal Area, Bangladesh'

▪ **Bachelor of Science (B.Sc.) Honours in Geography and Environment (2021)**

University of Dhaka, Bangladesh. (CGPA: 3.49/4.00) CGPA: 3.70 (Last 2 Years)

Research Interests:

Fluvial Environment, Water Resources, Machine Learning in Remote Sensing, Geospatial Analysis.

Publications:

- **Uddin, N.**, Hasan, M., Sheikh, Md.N. and Ahmed, A. (2026) “Wetland Change and its Impacts on Livelihood using Machine Learning Algorithms in Chanda Beel, Gopalganj, Bangladesh.” Next Research. , p. 101556. Available at: doi:10.1016/j.nexres.2026.101556.
- **Uddin, Nazim** and Ahmed, Asib (**Under review**), Detecting and Simulating Oil Spills by Using GIS and Remote Sensing Techniques: A Case of Eastern Coastal Area, Bangladesh, Available at SSRN: <https://ssrn.com/abstract=5202454> or <http://dx.doi.org/10.2139/ssrn.5202454>
- Hasan, Mehedi, **Uddin, Nazim**, Misty, Maliha Sanzana and Hoque, Muhammad Al-Amin (**Under review**), Flood Susceptibility Prediction Using Machine Learning under Hydro-Climatic Extremes and Land Use Dynamics in North Western Region, Bangladesh. Submitted to Journal of Environmental Management (Manuscript No. JEMA-D-25-17551).
- Misty, Maliha Sanzana, Hasan, Mehedi, Nayem, A. M. M. Jubayer, Hoque, Muhammad Al-Amin, **Uddin, Nazim** and Pradhan, Biswajeet (**Under review**), Machine Learning-Driven Flood Susceptibility Mapping in the Coastal Frontier of Feni District, Bangladesh. Submitted to Journal of Hydrology (Manuscript No. HYDROL72679).
- **Uddin, Nazim**, Hasan, Mehedi, and Ahmed, Asib (**Under review**), Morphometric Analysis Using Remote Sensing and GIS Techniques in the Southeastern River Basin, Bangladesh

Publications In Progress:

- **Uddin, Nazim**, Hasan, Mehedi, and Ahmed, Asib (**In Progress**), Evaluating River Meandering and Channel Dynamics in Response to Land Use/Land Cover (LULC) Change: A Case Study of the The Little Feni River Watershed

Projects:

- Landuse pattern and Socio-economic conditions of khurulia Mouza, Jhilwanja Union, Cox's Bazar, Bangladesh (Sept 2022- Feb 2023)
- A Hydro-geomorphological Investigations at Rarikhal and Vagyakul area, Munshiganj, Bangladesh (Oct 2021- Feb 2022)
- Agricultural Adjustment in Natural Hazard Prone Areas in North Bengal: A study in Gangachara Upazila, Rangpur, Bangladesh. (Nov 2019- Jan 2020)

Project Visit and Field Works:

- Oil Spill monitoring survey, Chattogram, Bangladesh. (Dec 2023- Jan 2024)
- Landuse Survey, Cox's Bazar, Bangladesh. (Sept 2022)
- Socio-economic Survey for drought and flood affected people, Rangpur, Bangladesh. (Dec 2019)

Professional Experiences:

Assistant GIS Specialist:

Bangladesh Rural Electrification Board- Dhaka, Bangladesh

Jun 2025- Mar 2026

- My responsibilities include spatial data management, geodatabase development, and thematic mapping for infrastructure planning. Collaborate with engineering teams to apply GIS-based analyses in project implementation and support capacity building through staff training in geospatial tools.

GIS Analyst:

Institute of Water Modelling (IWM)- Dhaka, Bangladesh

Apr 2024- May 2025

- My role included process and analyze satellite imagery, developed Python scripts to automate GIS workflows, georeferencing, managing geodatabases, and designing map layouts. I monitored project progress, field visits for ground truthing and collaborated with teams and supervisors.

Professional Development:

- 360 hours Certificate Course on Machine Learning and Data Science. **Jul 2024- Jan 2025**
National Academy for Computer Training and Research (NACTAR), Bangladesh
- Machine Learning for Geospatial data.
- Introduction to GIS Programming by the University of Toronto.

Skills:

- Language -Bengali, English, and Hindi.
- Software - ArcGIS, QGIS, ERDAS Imagine, SNAP, Google Earth Engine (GEE), Python Programming (Arcpy, Rasterio), MySQL, SPSS, Machine Learning, Deep Learning etc.

Workshop and Trainings:

- Workshop on Green skills for a sustainable Future-** collaborating with BRAC University, ULAB University, Maastricht University, and Universitat Heidelberg funded by the European Union- 2024
- 10-day workshop on “Applications of Satellite Generated Atmospheric and Climatic Datasets”** Organized by ERASMUS+ and the University of Salzburg (PLUS), Austria- 2023, University of Dhaka, Bangladesh.

Scholarship and Awards:

- 2023- National Science and Technology (NST) Fellowship for Research, The Ministry of Science and Technology, Govt of Bangladesh. Grant amount: 54,000 BDT.
- 2016- One Bank Scholarship for Higher Secondary and Graduate Students. Grant amount: 48,000 BDT.

Services and Leadership:

- 2023- 2024 President, Science Students Association of Feni (SSAF).
- 2023- 2024 Member, Earth Safeguard.
- 2021- 2024 Vice President, Dhaka University Student Association of Feni (DUSAF).
- 2020- 2023 Member, Geospatial Science and Research Foundation (GeoSRF).
- 2021- 2023 Organizer, World Environment Day (5th June), University of Dhaka, Bangladesh.
- 2022- 2023 Member, Dhaka University Environment Society.
- 2019- 2022 Volunteer, National Environment Olympiad.
- 2021- 2022 Member, Salimullah Muslim Hall Debating Society.
